POLYCONNECT™
MAKE INDUSTRY BETTER

ABOUT POLYCONNECT

Polyconnect Bharat is a new-age information platform built for professionals in the plastics, rubber, chemicals, additives, composites, and paint industries. We're dedicated to providing you with high-quality, accurate technical information that fuels innovation and growth.

Our purpose is to enable industries to reach new heights of success. Uncompromising commitment to providing the most accurate and up-to-date tinformation.

PolyConnect Bharat serves as a critical resource for companies and individuals striving to stay ahead in a rapidly developing market.

Consultation Services

By working together across sectors, new opportunities and create solutions.

Cross-Industry Connections

We provide interactive support from industry professionals

About The **EVENT**

ROTO-EXTRUSION-RECYCLING

This seminar cum industrial visit is a dedicated platform for professionals, technologists, and industry leaders from the plastics and polymer sector to come together and explore sustainable solutions, cutting-edge technologies, and the latest industry developments.

Themed "*Let's Grow Together*," this seminar focuses on advancing knowledge in polymer science, innovations in plastic processing, circular economy practices, and enhancing industry standards for quality and sustainability.

KEY FEATURES

- Technical Session
- Trade Show
- Lunch
- Industrial Visit (Optional, on 28th Nov 2025)

The **FOUNDERS**

Mr. Kant Khatri

Vice President of Atul Group, Agra, and Founder of POLYCONNECT, is a Mechanical Engineer with 14+ years in the Polymer industry. Passionate about uniting experts and businesses, he created POLYCONNECT to strengthen collaboration in Polymer processes and innovation.

With 40 years at CIPET (1978–2018), he pioneered India's first NABL-accredited Plastics Testing Centres and specializes in testing, quality control, and lab setups. He provides technical solutions for plastics and rubber industries across India and globally, including Thailand, Nepal, and Germany.

Mr. Sanjay Saxena

Mr. F.A. Khan

A Mechanical Engineer, he began his career in 1999 in pipe production and has specialized in Roto molding for nearly two decades in Saudi Arabia. He excels in R&D, process optimization, machinery installation, and cost strategies. Committed to innovation, he aims to advance a polymer industry.

INAUGURAL SUMMIT DELHI

The Inaugural Technical Summit 2025, organized by Polyconnect Bharat LLP, brought together leading voices from the polymer and manufacturing sectors for a day of learning, collaboration, and innovation.

The summit featured engaging sessions on sustainable plastics, packaging R&D, PVC realities, MSME growth, nanotechnology, polymer modifications, and quality standards. Each talk offered valuable insights into current challenges and future opportunities for the industry.

More than just technical discussions, the event created a vibrant networking space where professionals, researchers, and entrepreneurs exchanged ideas and built new connections.

With this successful launch, Polyconnect Bharat has set a strong foundation for future summits, reaffirming its vision of “connecting people, ideas, and solutions to drive the industry forward.”

Media Coverage

First-Ever Technical Summit in New Delhi Unites Experts to Shape Opportunities in Polymer Industries

Polyconnect, a leading platform for polymer professionals, recently held its inaugural Technical Summit at Hotel Seven Seas in New Delhi on August 23, 2025. The event saw participation from renowned industry experts, academicians, and professionals, marking a significant milestone in the polymer community.

Key Highlights

- Inauguration: The summit was inaugurated by Chief Guest **Mr. Mukesh Goel**, Director of **Neelgiri Group**, alongside Polyconnect founders Mr. Kant Khatri and Mr. Sanjay Saxena.

LET'S GROW TOGETHER WITH SAFE PLASTIC POLYMER SUMMIT

INDUSTRIAL VISIT @Ahmedabad

*Industrial visit for **Roto Passionate** members in NAROTO AHMEDABAD to explore their plants, Machines, Mould manufacturing facility, and resolve your technical queries on the floor with their Experts.*

N.A. Roto Machines & Moulds India has been a leader in rotomoulding for over three decades. Founded in 1982, it began with mould manufacturing and soon expanded into advanced rotational moulding machines and ancillary equipment under the brand NAROTO. Innovative design, superior quality, and customer-centric solutions have set the company apart. With 19,000 sq. mts of state-of-the-art facilities, in-house R&D, and CAD/CAM, it now manufactures 28-30 plants annually.

Its Ahmedabad unit benefits from being in a prime industrial zone. A skilled team, turnkey solutions, and years of expertise ensure trust and integrity. Operations span across five continents and 87+ countries. ISO 9001:2015 certification guarantees strict quality standards. The company continues to grow through technology upgrades. Values and ethics remain its enduring strength.

Visit Date:-

On 28 November 2025.

Time: 2:00 PM to 5:00 PM.

Pickup and drop point will be given before the event.

OUR SPEAKERS

Mr. Prashant Trivedi

Plastic Passionate, Immediate Past Chairman, IPI, Ahmedabad Chapter.

Topic: Why Quality & Performance Testing is Needed for RotoMoulded Products, Looking At the Present Business Sector Scenario.

Dr. Prashant Gupta

Ph.D. in Polymer Engineering and Technology, Sr.Astt. Professor at Plastindia University.

Topic: Additives for Recycling of Polymers

Mr. Umakant Savdekar

Master's in Nano Science, Past President, StAR(Society of Asian Rotomoulders), Pursuing PHD on Graphene in Rotomoulding Materials, CEO of Phychem Technologies

Topic: Advanced Rotomoulding-"Challenges of Moulders & Suppliers".

Mr. Paritosh P. Diwasali

Director & Head,
CIPET: IPT – Ahmedabad

Topic: The Future of Advanced Recycling & it's Impact on Industry.

Mr. Rajesh Doshi

Consultant SIGMA Polymer Consultancy

Topic: PVC a versatile Polymer for diverse applications.

OUR SPEAKERS

Mr. Ginu Joseph

Editor in Chief and CEO of Modern Plastics India.

*Topic: How can you multiply your business?
-Push beyond Boundaries to multiply your business.*

Mr. Ravi Kadivar

President, StAR (Society of Asian Rotomoulder), CEO, Greenage Industries, Ahmedabad.

*Topic: Understand UV Weathering-
Rotomoulding Perspective.*

Mr. Sandip Bhuva

CEO, Rajoo Bausano

*Topic: Advanced Extrusion
Technology for Pipes &
Compounding.*

Mr. Aryan Aggarwal

CEO, Recycle Plastics (A Unit of Sunrise Group).

*Topic: Turning Plastic Waste into Hope:
Building a Circular Future for Humankind.*

Mr. Suresh Anandrao

CEO & Founder, ARS Consulting

*Topic: Innovation in Plastic Industry 4.0 with A.I., ML & IoT. In
Roto, Injection, Extrusion & Recycling*
